KLAUS VON EYE

Klaus Maillard von Eye was born in Caxias do Sul, Brazil in April 29th, 1988.

Klaus started playing Tennis in 1994 when his Grandfather had given to him a tennis racquet. At that time, Klaus was very involved in Soccer, but after his first year taking regular tennis lessons he won a small tournament making him choose Tennis as his first and favorite sport.

It was love at first sight, or shall we say, hit. Since then, tennis has become a very important part of Klaus's life. He played regularly until the age of 17, when he had chosen to study Physical Education at University of Porto Alegre, in Southern Brazil. In 2008, He was able to volunteer in a tennis club which after a year hired him as a Tennis Instructor.

In 2010 Klaus obtained his diploma as P.E teacher and in 2012 He took a important decision in his life: Move to Vancouver in order to learn English, even though he had never taken english lessons in Brazil.

Klaus has been working for Tennis XL since March 2013. From his first month on as a tennis instructor, he had found out that is in Canada where he wants to live and share his brazilian way of playing tennis.
